1. Should AI be allowed for this class

I believe that AI should be allowed in this class to an extent. School is to prepare us for the work force and almost everyone uses AI to make their lives easier. I think that its important to still have a strong understanding of the code that we will be writing. AI should be used as a toolnot a crutch.

If you'd like to add a header, make sure you do so on a new line and use 2-4 #'s followed by a space.
